September 3, 2014

Letter of Recommendation

The Trustees of Brayfields Complex (Hillcrest) would highly recommend Jason Lewis and his team at **Spectrum Painting and Waterproofing**, for the sterling paintwork performed in July 2014, at our residential complex.

As Trustee's, we found Spectrum to be very thorough throughout the entire process, from submitting a quotation, to consulting on colour selection, giving informed advice, preparation of the building surfaces, and most importantly, the completion of paintwork on all 42 units and surrounding walls.

Paintwork is a very important part of maintaining the aesthetics and perceived value of a residential property. We felt that all our needs were met by Spectrum and more, and would certainly recommend them for all your future commercial or residential painting requirements.

Sincerely,

Brayfields Trustees

C. Pieters

C. Girvan

A. Van Tonder
